SKILLS SUMMARY

- **Languages:** C++, C, Core Java, Python, R, kotlin
- **Technologies:** HTML , CSS, Java Script, Java Spring Boot, Spring Security 6
- **Tools/Platforms:** MySQL, MongoDB
- **Data Analysis:** Excel, Tabuleo

INTERNSHIP

- **R Programming language:** June 2023
 - Embarked on a steep learning curve to master R programming and data analysis techniques.
 - Overcame initial challenges through dedicated study and hands-on practice with real datasets.
 - Transitioned from finding data analysis challenging to enjoying the intricacies of data interpretation and model creation.
 - Applied newly acquired R programming skills to contribute meaningfully to a project, demonstrating the ability to learn and apply new technologies effectively.

PROJECTS

- **Anime List Backend Api:**
 - Api Link :- <https://naa-anime-list-backend-api.onrender.com/login>
 - Users can keep track of the anime they have watched
 - The security is robust because it contains OAuth 2.0 and JWT token verification. And also The Animes Collection has 14k+ records
 - Developed proficiently in Spring Boot Security 6, with APIs and MongoDB as well.
- **Rock paper scissor game:**
 - AI-based project where the player competes against the computer. Jul 2023
 - Utilizes OpenCV and Media Pipe for hand gesture recognition.
 - Developed proficiency in Python and learned to implement computer vision and machine learning techniques.
- **Airbnb data analysis:**
 - Conducted a comprehensive analysis of Airbnb pricing patterns to understand market dynamics. Jun 2023
 - Developed a predictive model capable of estimating Airbnb rental prices.
 - Enhanced data analytics skills, particularly in R programming, and gained insights into the factors influencing accommodation pricing.

ACHIEVEMENTS

- Solved 370+ Questions in LeetCode , 100+ Streak in LeetCode and GFG, CodeChef Max Rating 1503, GFG Max Rating 1780, LeetCode Max Rating 1489
